

# RAYMOND REBUILTS

Value and Reliability, Guaranteed

Give your bottom  
line a lift with  
economical,  
reliable,  
reconditioned lift trucks

**JOHNSTON EQUIPMENT**  
**RAYMOND**  **STORAGE SOLUTIONS GROUP**

# Affordable lift trucks for small to medium-sized operations

You don't have to pay top dollar to acquire a top quality lift truck. Raymond Rebuilts have been carefully inspected and reconditioned to prime operating condition, so you can boost your warehouse productivity while lowering your costs.

Lift trucks from Raymond Rebuilts are so affordable they make it possible for all warehousing operations, large and small, to take advantage of the money-saving and space-saving benefits of narrow-aisle storage.

As a division of Johnston Equipment, Raymond Rebuilts is Canada's leader in providing rebuilt lift truck solutions. With 13 locations across the country, there's a Raymond Rebuilt center near you, ready to help.

## Total solutions, custom-designed to suit your operation

Our services go far beyond just providing good used lift trucks. We'll work with you to lower your unit material handling costs by suggesting ways to improve your materials flow, reduce your labour costs and maximize your storage densities. We do this through a full range of support services, such as:

- Warehouse planning and process simulation
- Equipment leasing tailored to suit your needs and budget
- Operator training
- Maintenance and parts
- Rentals to assist with peak periods

## Start with a free needs analysis

At no charge to you, we'll assess your current situation as well as your projected needs over the next five years. This enables us to design a scalable materials handling solution that grows as your operation grows.

## The pick of the best trucks

With Raymond Rebuilts, you get the pick of the best trucks on the market from trusted names like Raymond and BT Industries. We have exclusive access to all Johnston lease returns, as well as the first pick of trucks maintained by Johnston, including trade-ins and rentals. All have been carefully maintained and serviced throughout their working life. These fine trucks are fully inspected and renewed by Raymond Rebuilts with original factory parts that carry the manufacturer's warranty. All reconditioned units are fully updated with the latest software and safety features that meet or exceed provincial guidelines.

You can trust a Raymond Rebuilt truck.

# Two reliable truck solutions and three warranty levels to choose from

## Raymond Certified Quality Reconditioned Lift Truck

The choice of many of our satisfied customers, these recent model trucks have been thoroughly inspected and reconditioned to exacting standards, covering all aspects of the trucks performance and reliability:

**General:** All units are externally cleaned, visually checked for structural integrity and repaired as necessary.

**Drive Units:** Inspected for proper operation and leaks and repaired as necessary.

**Castor Assembly:** Inspected for proper operation and damage and repaired or adjusted as necessary.

**Motors:** Tested for proper grounds and brush wear and repaired as necessary.

**Hydraulic Pumps:** Inspected for leaks and rebuilt or replaced as necessary.

**Valves:** Inspected for leaks or other damage and resealed as necessary.

**Hose Assemblies:** Inspected for leaks and damage and replaced as deemed necessary.

**Electrical Panels:** Visually inspected for corrosion, wear and worn contact tips, and repaired as necessary.

**Controller:** Tested for proper operation and repaired as necessary.

**Mast Assemblies:** Inspected for physical damage and wear, repaired and re-shimmed as necessary. Lift rams are inspected for chrome damage and leaks. Cylinders are repaired and repacked as necessary.

**Brake System:** Disassembled, inspected and tested for safe operation. Components are rebuilt or replaced as necessary.

**Wheels and Tires:** Inspected for excessive wear and serviceability and replaced where necessary.

**Paint:** Units are externally detailed and painted.

**Updates:** All safety hardware and software updates are installed.

**Final Inspection and Testing:** Trucks are operationally and load tested as per Provincial Standards to assure proper operation of all controls and functions.

## Pre-owned Lift Trucks

If you're just looking for quality used lift trucks at a lower cost, our Pre-owned Lift Trucks are ideal. All these well-maintained units are inspected against a 46 point checklist to assure that you can feel confident in your purchase.

## Three warranty levels for added peace of mind

**Certified Quality Reconditioned Trucks** are guaranteed against defects in material and workmanship for a period of four months after installation or 350 hours (whichever occurs first) on major components. Minor components are guaranteed for one month or 90 hours.

**Extended Warranties** are also available on Certified Quality Reconditioned Trucks, offering a guarantee against defects in material and workmanship for a period

of 12 months after installation or 1,050 hours (whichever occurs first) on major components. Minor components are guaranteed for five months or 440 hours. Wearables are guaranteed for 90 hours or one month.

**Pre-owned Lift Trucks** are warranted against defects in material and workmanship on major components for a period of 30 days or 90 hours (whichever occurs first).

# Reliability and quality is built into every truck

To ensure quality, Johnston Equipment has invested in a 5S controlled work environment. Part of Toyota Production System, the 5S program is your assurance of top-quality.

## In stock and ready to deliver

Whenever you need lift trucks, Raymond Rebuilds delivers. We have a large stock of Raymond and BT units on hand so we can fulfill your needs quickly and efficiently.

## Full support

Our service support is the best in the industry and will keep your Raymond Rebuilt lift truck operating at peak efficiency for years to come.

**Leasing:** Through Johnston's in-house leasing department we can provide a one-of-a-kind solution that meets your budget and optimizes your investment.

**Maintenance & Repairs:** Our comprehensive fixed-price or scheduled maintenance plans can keep your lift trucks at optimum utilization and up-time, affordably.

**Parts:** With access to 250,000 top quality part numbers, we can deliver fast to keep your trucks on the job.

**Rentals:** With the largest rental fleet in Canada, there is always a lift truck on hand to meet your short-term requirements.

**Training:** We offer comprehensive training so that your operation works efficiently and complies with all safety regulations.

**Equipment Overhauls:** A major component overhaul can help you get more from your truck investment.
