

RAYMOND REBUILTS

Pre-Owned Equipment Warranty Policy

COMPANY NAME

VEHICLE SERIAL NUMBER

WARRANTY NUMBER

Your Raymond Pre-Owned Lift Truck is guaranteed against defects in material and workmanship on major components for a period of 30 days or 90 hours (whichever occurs first).

The following are major components:

1. Drive unit
2. Motors
3. Mast and Carriage
4. Castings
5. Pumps
6. Major Electronic Components, including the following:
 - VFC, Power and System Cards
 - ICC (RMS80) and TCC Cards
 - Vehicle Manager
 - Steer and ODI Cards
 - Wire Guidance Cards and Sensor

Warranty Details

1. This warranty is applicable to retail customers only.
2. Parts found to be defective during the warranty period will be replaced at no charge to you.
3. We will pay all transportation charges involved in the replacement or repair of a part found to be defective provided that the replacement or repair is made by an authorized Raymond Rebuilt representative.
4. Travelling time will be charged on warranty calls outside of normal service areas.
5. Raymond Rebuilds reserves the right to make changes and improvements to design without making changes to previously manufactured vehicles.
6. Your Raymond Rebuilt truck warranty does not cover defects or damage which are caused from lack of maintenance, misuse, abuse or accident.
7. Notwithstanding any other language contained herein this warranty policy is expressly voided, without any further notice to you, if any modification is made to the truck or additional components or devices are added to the truck without having received prior written approval from Raymond Rebuilds.
8. **This express warranty is in lieu of all other warranties.** There are no implied warranties or merchantability and fitness for a particular purpose. In no event shall Raymond Rebuilds be liable for incidental, special, or consequential damages.

RAYMOND REBUILTS

Pre-Owned Equipment Warranty Policy

All Pre-Owned Lift Trucks sold and processed by Raymond Rebuilds are inspected against a 46 point check list and warranted against major part defects in material and workmanship (parts and labour) for a period of 30 days or 90 hours of usage (whichever occurs first).
