

RAYMOND® 4800 SIT-DOWN COUNTERBALANCED TRUCK

WORK MORE COMFORTABLY AND
CONFIDENTLY WITH RAYMOND ELECTRIC
PNEUMATIC INDOOR/OUTDOOR FORKLIFTS.

Designed specifically for outdoor applications, Raymond's 4800 Sit-Down Counterbalanced Truck offers a more reliable, comfortable, and sustainable alternative to propane, gas or diesel-powered forklifts.

All-weather protection safeguards components against rain, moisture, and other elements.

Ergonomically designed cab keeps operators comfortable and productive with temperature controls, a fully adjustable seat, tilt steering wheel, and easily accessible fingertip controls.

Industry-leading gradeability delivers unmatched performance on ramps.

Open view mast offers unmatched operator visibility during travel and load handling.

Performance Stability System™ helps minimize damage to goods and facilities with automatic turn speed control, active mast control, and active rear axle swing lock.

Zero emissions and reduced fuel and maintenance costs with a powerful, rechargeable 80V battery, no spark plugs, and no required oil changes or tune-ups.
