

MS 260

ELECTRIC INDUSTRIAL STAND-UP STOCK CHASER

MODELS

24V | 36V | 48V

THE MS-260 BUILT TO GET THE JOB DONE

The industry's most versatile, durable, robust and capable electric stand-up stock chaser and order picker offers even more. More capacity. More features. More options. Not to mention that the MS-260 is easy to service and delivers low maintenance cost.

- Up to 6,000 lbs towing capacity
- Up to 1,750 lbs load capacity
- 8.8 mph travel speed
- 60 in. tight turning radius
- 59 in. deck and integrated loading anchors
- Dual front wheels and leaf springs rear suspension system
- Regenerative braking
- Automotive steering wheel
- 2 step ladder with padded backrest

WE'VE GOT HUNDREDS OF OPTION TO IMPROVE YOUR OPERATIONS

As always, the MS-260 can be fully customized. Add functionality and comfort by opting for the:

- Adjustable ergonomic sit-down and stand-up seat option for improved ergonomic and unmatched range of driving positions.
- Additional 3 to 5-step ladder with operator backrest option to reach new height.

THE MS-260 IS READY FOR THE JOB

We have vehicles ready to get to work now, or we can custom-build models designed specifically to streamline and improve your operations.
